Hi Lori...been a long time, I hope you are doing well and everything is good on your end! I received a text from an old soccer coach of Roger's from his academy days, Bryan Wallace, and he asked me to write him a reference in regards to the mens head soccer coaching job he is applying for there at St. Margarets.

Bryan was Roger's academy coach for several years and also one of the people who influenced Roger into becoming a GK. Bryan really took Roger under his wing and helped him to gain the skills and confidence it took to become the goalkeeper he is today. I believe that his passion for the game and for coaching the young men that Roger played with at the club was invaluable for Roger. I don't think you would find a more knowledgeable person for the position when it comes to the game of soccer as Bryan has been involved in many facets of the sport from being a player on the Jamaican Men's National team to coaching at all levels of the game.

Above all else I believe Bryan's character as a person would fit perfectly into everything that St. Margarets strives to teach their own young adults.

Please let me know if there is anything else I could help with in regards to Bryan's application.

If you need to reach me my mobile number is the same 248-495-5773

All the best and Hello to all around campus!
